The doctor's office, designed around you

As a part of UCSF's Clinically Integrated Network, we make it faster and easier to get primary care.

Care when you need it

We offer same/next-day appointments that start on time. From prevention to mental health to chronic conditions, we make it fast and easy to get care.

24/7 virtual care

Video Chat with a provider on demand, 24/7, or message our virtual care team with our app from anywhere in the country. It's included in your membership at no extra cost.

Convenient locations

We have 125+ offices near where you work, live, and travel.* And onsite lab work means you don't have to run all over town.

*Out-of-network charges may apply. Check with your insurance for details.

Activate your sponsored membership today

The cost of membership is covered for you, your spouse/partner, and dependents.
